Susan,

Paragraph per request...The PolRep with final info will probably not be up till late tonight. As we discussed, I still have not received confirmation on monitoring/sampling to declare out of ER phase. Included some info from yesterday in case needed for clarification...or may be more confusing...

On 16 November 2014, the EPA team attended an operations meeting at DuPont. In attendance were representatives from TCEQ, OSHA and DuPont personnel from Health and Safety, Process Engineering and Technology. The RP reported that (b) (4)
